LOST AT SEA

Fearful Shipwreck on the North HALIFAX, Sept. 18. - Capt. Alfred Gasston, of the bark Brittania, which was wrecked off this coast Monday last, tells the story of the fearful suffering they were subjected to on the wreck from Monday until Tuesday afternoon, during which time a gale was blowing and all hands compelled to remain on and all hands compelled to remain on deck exposed to the fury of the storm. They finally took to a small raft and hardly had the people got on this when a heavy sea washed off every soul, and the captain and eight men only remained. During the night and following morning five others were washed off in a similar manner, leaving only four survivors, who were rescued by a boat from shore. Thirteen perished, including the wife and four children of Captain Gasston. All were natives of England. Two of the captain's children were picked up, but died in a few minutes, either from fright or exhaustion.

WEDNESDAY, SEPTEMBER 19,1883

A PAINFUL story of starvation come from the distant and desolate north, but with it, fortunately, come tidings of the rescue of the imperiled men. A party of miners prospecting on the river Yukon, in Alaska, found themselves cut off from all communication with the civilized world (a thing year with all' parties who hibernate in that country) and out of provisions. They were rescued by the Rev. National Legislature. Eugene S. Willard, and a party from his Alaska Mission (Presbyterian), the location of which is not stated in the item before us, but which we suppose to be either on the river Kuskokvim or at a point called Mission Yukon on the great river of that name, and some four hundred and fifty miles from its mouth. A rumor reaches us that Ed. Schieffelin was of the party, but it is only a self, rumor, which has as yet no confirmation in any news received by his friends

Water Analysis. San Francisco, September 18, 1882.

For Mr. Victor Beaudry, Los Angeles:

I have carefully analyzed the sample of water—marked as under—and find the following to be the proportions in every 100 parts:

[Mark of sample, Los Angeles.]

Solid residue, 29.16 grains per United States gallon. gallon.
Chlorine, 2.39 grains per United States gallon
Ammonia (free and combined), .085 mill:

Ammonia (free and comonact),
gram per litre.
Albuminoid ammonia, .12 milligram per litre.
The water does not indicate the presence of any
injurious ingredient in abnormal quantities, and
is a good quality of water for dietetic purposes.
It is free from any swange contamination.
Respectfully submitted,

8,000 Acres Choice Farming Land, Oasls Ranch, or Round Timber,

STOCKTON.

COURTHOUSE SQUARE, STOCKTON,

Will be Sold in Parcels to Suit

The land is some of the best agricultural land in the State, in a belt of country AL-WAYS SURE OF CROP.

The soil is of varied character, sandy loam, brown and red loam, and red gravelly loam, with a rata of clay underlying the whole country. Summer fallowing, or twice plowing, insures r large crop and a certain one in the dryest years.

There is comparatively no waste land on the farm, and no trace of alkali. White and live onks are scattered over the tract. Every inch of land is tillable. There is no failure of crop in this section, and in 1877, a dry year throughout the State, a fine, full crop was grown on this ranch. Six inches of rain will insure crop. No rust troubles the grain.

An underlying strate of pure water is found free from alkali or deleterious matter. Numerous living springs are scattered over the ranch. Four domestic purposes wells nave been bored, and windmill and horse-power are utilized.

Rainfall Always Sure. No Failure

The land is about 300 feet above sea level, and fruit trees and vines do not suffer from frost.

Several parcels in this ranch are fenced and have other improvements, as will be seen by reference to the "Field Notes" and Map inside this Catalogue.

Land is nowfrenting for cash reut from \$1.50 for virgin soil to \$1 per acre. and for one-third of the crop for the season.

The average production is 20 to 30 bushels of wheat per acre.

We confidently invite the attention of Capitalists, Farmers and all buyers to this attractive offering of first-class lands. The easy payments, the low rate of interest and taxes (the owners paying the mortgage tax), its accessibility by railroad and tide water, its great productiveness, its intrinsic value for certainty of producing, make this land valuable beyond all question.

This is a rare opportunity to secure a farm or make an investment that must rapidly enhance in value, on very easy terms of payment.

Parties going to Clements on the railroad running from Lodi to the Sierra Novadas, will find ample arrangements for viewing the land.

HEALTH restor and life prolonged to suffering humanity, by the most wonderful curative agents ever discovered. I invite the sick, no matter what their diseases may be, to call an investigate for themselves before abandoning all hope, for it will cost you nothing. I give nencouragement unless there is a fair prospect of making a cure. I will endeavor to be can't in my opinion, and reasonable in my charges, I claim not to cure everybody, but to cure all that can be cured. I am formerly from New York city, and a graduate of ow of the best medical colleges in the United States, and a most thorough Electrician, and have had many years successful practice in the treatment of both acute and chronic diseases. To remove all doubts and convince my patients that I claim nothing but what I am, I refer to my diploma and the numerous recommendations in my possession, which will always be ready for inspection at my office. I HAVE NO ONE CURE-ALL in or do I make a hobby of any one mode of treatment. I use electricity or medicines or both, as cases may require. I find he cause of disease, remove it, and nature, assisted by medicinal remedies properly applied, will promote a cure without fail. TO THE LADIES. To the ladies I would say: You, whose sufferings have become intolerable, and who have suffered a thousand deaths from those diseases ocommon to your sex. give me a call, for I CAN JURE YOU WITHOUT FAIL, and make your lives once again worth living for. And all consultations will be strictly private and condential. YOUNG MEN. To those young men who are suffering from year to year, andwhose vital powers have become impaired, and nervous system unstrung and broken down, and are suffering the horrors from the effects of youthful follies; COME AND SEE ME. I have a sure preventative of premature decay and early death. To those who from indiscretions have contracted private diseases, and are desirous of being cured, come without fail, for I can guarantee you a speedy cure. I treat with success all diseases of the Throat, Lungs, Hea

It is argued that the large and handsome Branch Normal School building in this city only cost, for construc-tion, \$58,000, and a building of the same size would amply accommodate the county offices and be an ornament to the city. The total value of assess-

able property in this county is this year \$26,000,000, and deducting ten per cent. for loss in collecting, would leave about \$23,000,000 on which a tax could A band of gypsies arrived in town yesterday from the north.
